

1.1. effeff 13805 electric strike

fail unlocked version,
special flat-design,
with adjustable radius keeper,
resistance to break-up: 3750 N,
with protection diode,
properly for access-control-systems
Nominal voltage: 24 Volt DC,
Current consumption: 150 mA DC,
Resistance: 160 Ohm,
without striking plate,
right-/left-handed

order-no.: effeff 13805-----F91
